

Artist Sarah Rowan

Our next performer is one of Australia's top speed painters and thought leaders, helping individuals and organizations ignite creativity for a better future. With over 20 years of experience, she transforms blank canvases into powerful art—often live, under time pressure.

She has redefined the role of the artist, blending painting with speaking to inspire audiences to embrace creativity as their birthright. Having performed at over 600 events and raised more than \$400,000 for charity, she has worked with major clients such as ANZ, Woolworths, HP, and Ferrari.
